the value of culture of the tradition of hospitality

From over fifteen years, the University Residential Centre of Bertinoro (Ce.U.B.) is a leader in organizing and managing international congresses.

Born initially only to host the summer schools of the University of Bologna, in the course of its history Ce.U.B. has been able to develop

an important management that knows how to combine the value of culture and the tradition of hospitality.

In the mission of the Centre, the high scientific level of courses and events is joined to the attention for the well-being of the customers. The Bishop's ancient fortress, the military outpost of the Rivellino, the Ex Monastery of Corpus Domini and the renewed Church of San Silvestro are the famous palaces in which the Centre operates.

The high quality in the transmission of training is the formula for the success for an important event: Ce.U.B.

combines old prestigious areas to professionalism and technological facilities, to respond effectively to any requirement dictated by the organization of an event aiming to high standard training or a conference. In its millennial spaces, Ce.U.B. hides a mysterious beauty that asks only to be approached, discovered, and lived almost enjoyed with the right time: Ce.U.B. is the thrill of discovering how culture and hospitality are necessary to ensure the success of all your projects.

the University Residential Centre

The vocation of Bertinoro's Hospitality finds its most important and highest expression in the University Residential Center, a complex of unbelievable beauty, where the uniqueness of the architectural frame is combined with the most advanced equipment in the field of high education and conference activities.

All the needs of those who have to organize meetings and residential courses are satisfied thanks to:

- a compact and organic structure, separated from the city, but a few steps from its historic center;
- a refined and very impressive environment, flexible and functional, where it's provided equal attention to traditional educational spaces and also to those of informal comparison;
- advanced equipment in all classrooms and computer labs;
- 13 flexible classrooms (for a total of more than 700 seats) matching every need, from 15 to 170 seats;
- more than 130 beds in 86 bedrooms;

C

- 200 seats in the refectory;
- an experienced staff, both in terms of receptivity and technical assistance, supporting the organization of conferences and intensive courses;
- the immediate proximity to the main roads (the SS. 9 Via Emilia, the E-45 Ravenna-Orte, the Highway A 14, the rail Ancona-Bologna, the airports of Forlì, Rimini and Bologna).

Teaching spaces

Conceived as a place dedicated to the High Education and congressual activities, Ce.U.B. has its own heart in the educational spaces.

The restoration of the complex of the fortress was intended to provide to the all guests, at the same time, an as much welcoming and efficient as possible space, both in the

fortress both in Rivellino, in the amphitheater and terraces for outdoor lessons, derived from green spaces inside the defensive walls.

The training is lived here in all its potentiality both as an opportunity to listen live to the most respected speakers, both to be able to follow on computer platform.

The performance of activities of research groups in computer labs is accompanied by the possibility of deepening the topics of greatest interest in the comparison of informal one-on-one meetings during lunch in the refectory or strolling through the courtyards of the fortress during breaks.

②

Teaching spaces

Ce.U.B. considers the places and modes of transmission of knowledge an integral part of the educational process itself.

Our priority is to put fully at ease the speakers and the students, to allow them to gain maximum benefit from their period of study in Bertinoro.

All the educational spaces of Ce.U.B. are characterized by the simple elegance of the furniture, synonymous of agility and efficiency. The classrooms in addition to hosting classes of frontal type - with the help of modern media facilities, including simultaneous translation systems - can hold seminar sessions, workshops for small groups, laboratory activities and special events.

The elegant scenery offered by the Rocca is the ideal setting for special moments in the development of courses, from gala dinners, cheered by the breeze from the nearby sea, from concerts of classical music to food and wine tastings with a refined attention to the local tradition of excellence.

Silvestro's classroom

Ce.U.B. is a box that asks guests to be opened and discovered in its most precious parts.

The hall of San Silvestro, with the elegant triumph of its late Baroque decorations, is the most exclusive area of the University Residential Centre of Bertinoro.

- ① San Silvestro's Church, 18th century
- ② ③ The "San Silvestro" classroom
- ④ The altarpiece
- ⑤ The late Baroque decorations

The vast nave of the old church, with its fine stucco-work, celebrates the perfect union between the prestige of the historic home with efficiency of the organizational and technological Centre.

The advanced instrumentation allows the use and full enjoyment of an ancient space, where beauty is joined to the beat of a technological heart.

The hall of San Silvestro offers the great opportunity of the exclusive and refined beauty of a home able to add value to initiatives of exception.

③ The Theatre “Ermete Novelli”

The theatre is one of the most important spaces of the University Residential Centre also because it represents its biggest classroom.

Able to accommodate up to 170 participants simultaneously, it is equipped with every trick for the plenary sessions of the Higher Education courses and congresses.

In addition to cabling and WiFi, the theater is equipped with simultaneous translation system, audio-visual equipment and possibility of activating the system of video-conference with the room of the nearby Church of San Silvestro.

②

technical and organizational services

The harmony and balance between a millenarian structure and instrumentation of teaching character and convention is one of the reasons for greater appreciation of Ce.UB from our guests.

The Centre has the best technology in use to support the training activities with multimedia tools, two com-

puter labs (the first one only used for the lectures and the second one free for everyone) as well as a workshop for design courses.

The educational facilities of the classrooms can provide audio-video recording of the interventions and the simultaneous transmission of the conference to the adjacent classrooms. The Centre offers also e-learning technology and live streaming, which allow to everyone to intervene and to follow the most important events on the computer platform. The expansion and upgrading of computer equipment for Ce.UB is constant, ensuring our guests to enjoy full immersion of the formula but remaining always on-line through the data network cabling and wireless in all of the teaching halls, the rooms and open spaces of the monumental area.

the receptivity

Receptivity to Ce.U.B. means courtesy, efficiency and constant attention to the level of services for all the needs of those coming in Bertinoro for a conference or a course of Higher Education. The warm hospitality of the rooms with their elegant furniture meets the primary need to put our guests at ease setting them with

every comfort in the atmosphere of the ancient fortress of the Ex-Monastery of Corpus Domini.

The true spirit of hospitality meets the important intangible needs of our guests: our staff in a timely and professional way is ready to provide information not just about the services of the Centre but also regarding the city of Bertinoro and all the cultural and gastronomic excellences of the territory. Our guests appreciate the sophisticated review of the culinary tradition of our land that can be enjoyed in the wide spaces of the refectory of the Monastery of Corpus Domini. Upon request in the wide terraces of the fortress you can enjoy the flavors of one of the top gastronomic capital of Italy admiring a landscape that stretches from the Adriatic sea to the Apennine forests.

the Interfaith Museum

① The water tank

② Interfaith Museum main gate

The Museum of Bertinoro is the only Italian exhibition dedicated to the discussion and the dialogue between Judaism, Christianity and Islam.

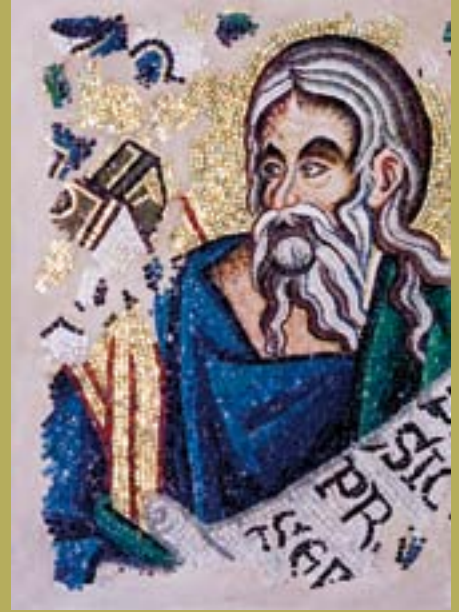

Housed in the oldest part of the Bishop's Castle, the Museum is a living testimony of the Abrahamic faiths in history, collecting exciting and valuable works of the Mediterranean cultures and culminating in the masterful pieces by Rembrandt, Messina, Manzù and Bodini. Art and beauty are the language of the knowledge of the values: respect for identity, combined with understanding of the common aspects shared by the Abrahamic religions,

is the first step in the direction of interreligious and intercultural dialogue.

For a museum with such an extensive and significant attitude, Ce.UB has reserved the oldest part of its headquarters, the dungeons of the late twelfth century.

3 Monotheistic Religions

Ce.U.B. has hosted the Interfaith Museum, because he believes that dialogue is the first form/way in the transmission of knowledge. Dialogue means attention to diverse cultural and spiritual events to which man has given shape over time and space, but even before the keyword dialogue brings with it attention and care towards the man himself, his aspirations and his search for perfection, both in technical and scientific scope, in the moral remembering that he has been created to “follow virtue and knowledge”.

How to reach the Centre

By A14 Motorway

Leave the A14 motorway at the toll booth of Cesena, turn left and take the E45 national road (direction Rome). Leave the E45 at Cesena Ovest, turn right and take the national road n.9 (Via Emilia, direction Forli-Bologna). Then, pass the hamlet of Capocolle and follow directions to Bertinoro.

By Train: line Bologna-Rimini

Get off at the station of Forli or Cesena. Bertinoro is 13 km far from the aforementioned railway stations.

Public transportation

From the Bus Station of Forli (Forli Punto Bus), very close to the railway station, quite a few buses are available to reach Bertinoro.
